4:35 Ralph Lyle / Planning

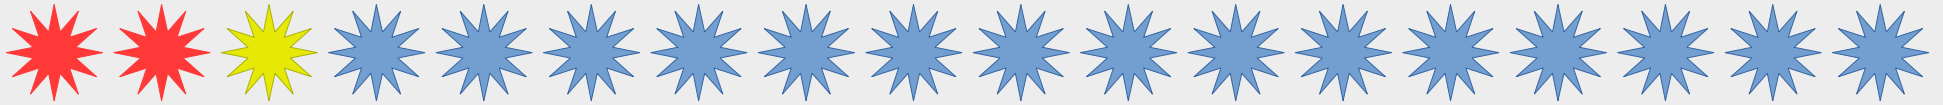

Project managers will run the beginning of the meeting starting next week.

For this meeting I will do status update and brief description of schedule.

18 Meetings

18 Meetings

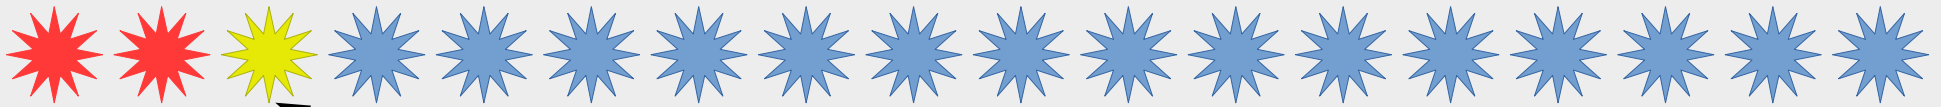

18 Meetings

So far we have:

- Talked about innovation problems
- Started work on name
- Practiced building & programming
- Thought about rules and challenges
- Heard from one expert

This Meeting

This meeting, I hope that we:

Figure out a name

Plan robot and innovation projects

Play a core values game

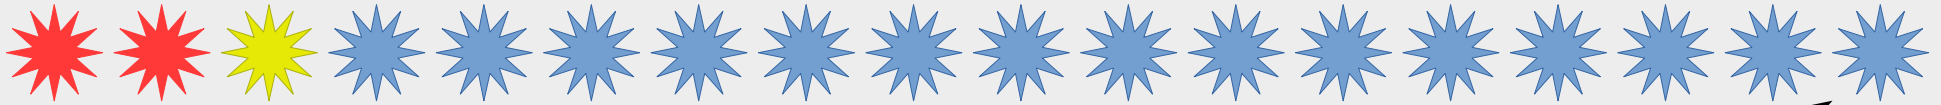

Look at some maps and plans

Practice building more

Make a more advanced program

Hear from Ralph Lyle about planning

18 Meetings

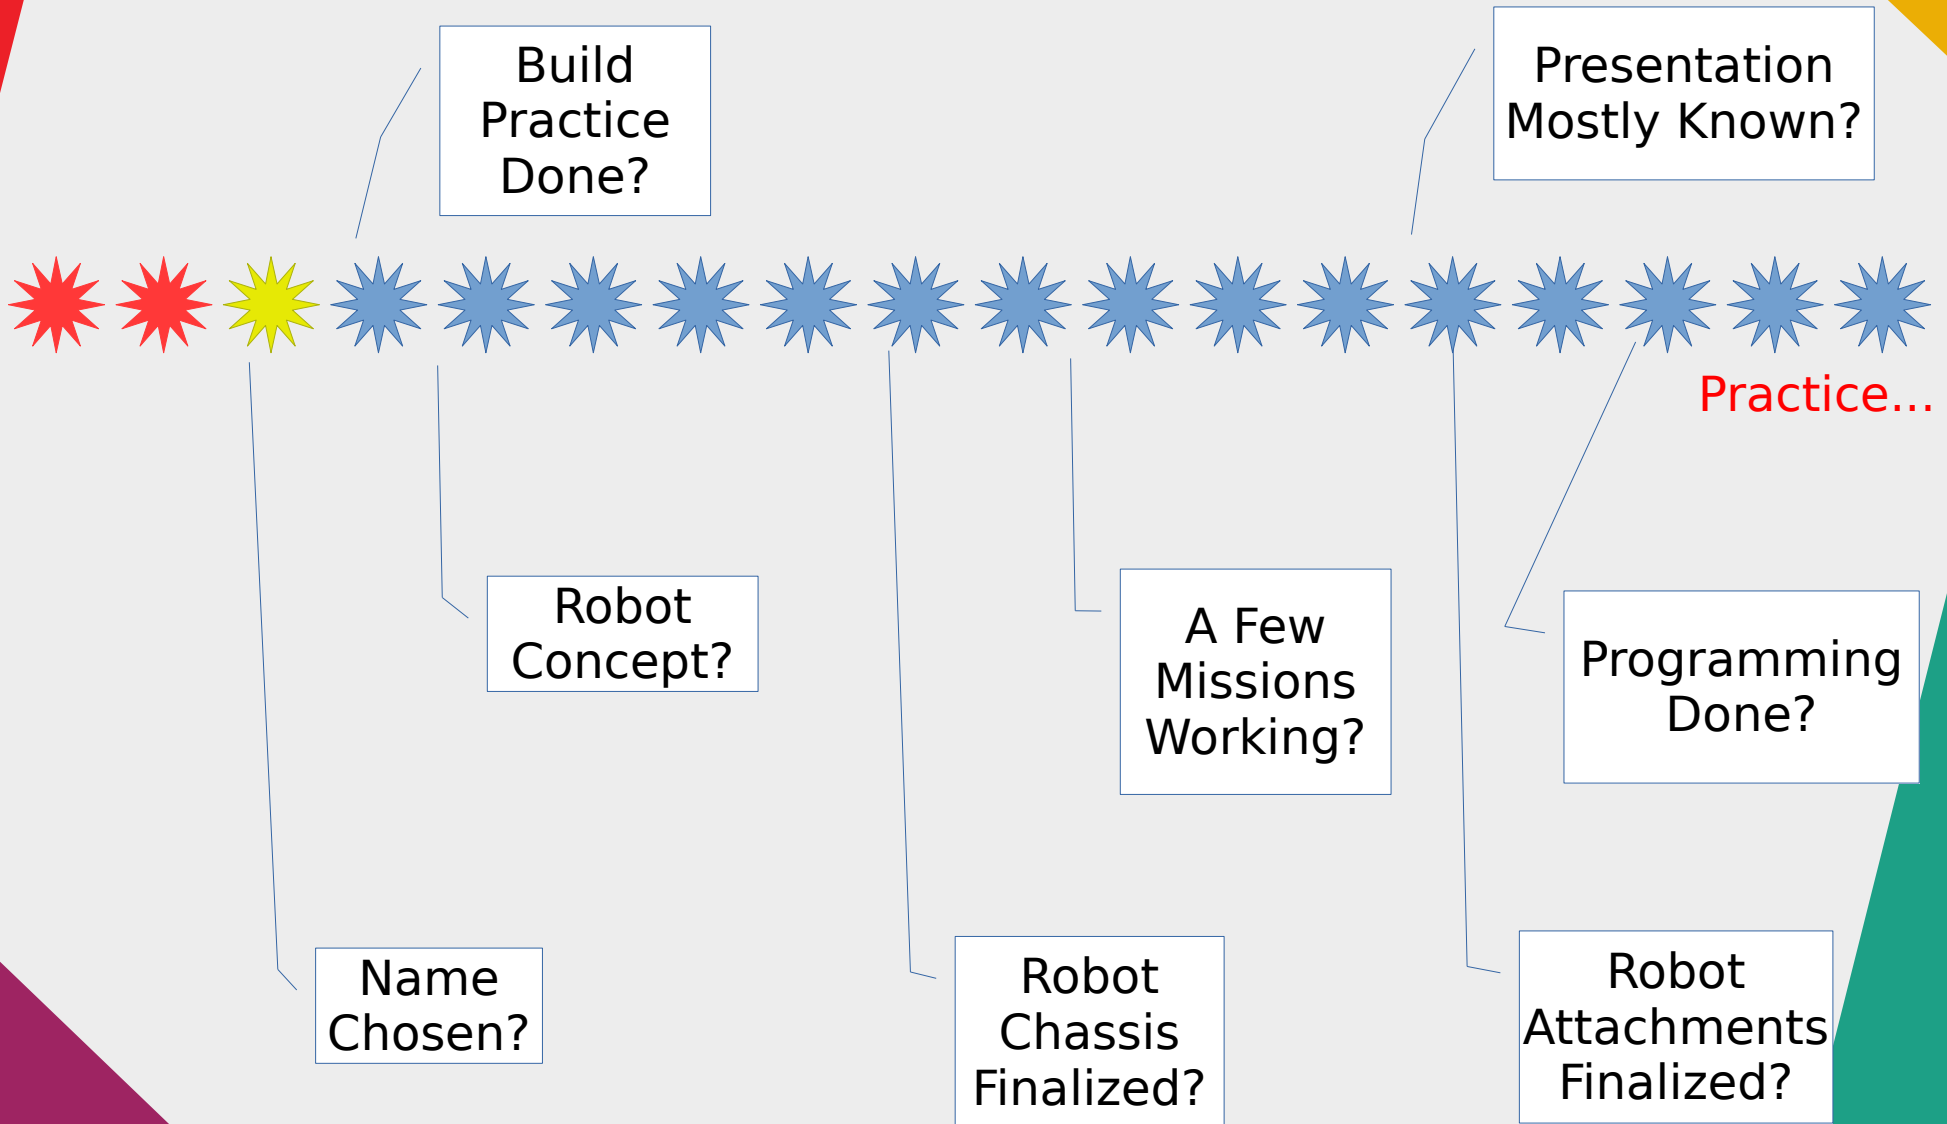

Need:

- A robot
- Attachments for missions
- High quality programs
- Well-practiced game technicians
- Practiced robot presentation

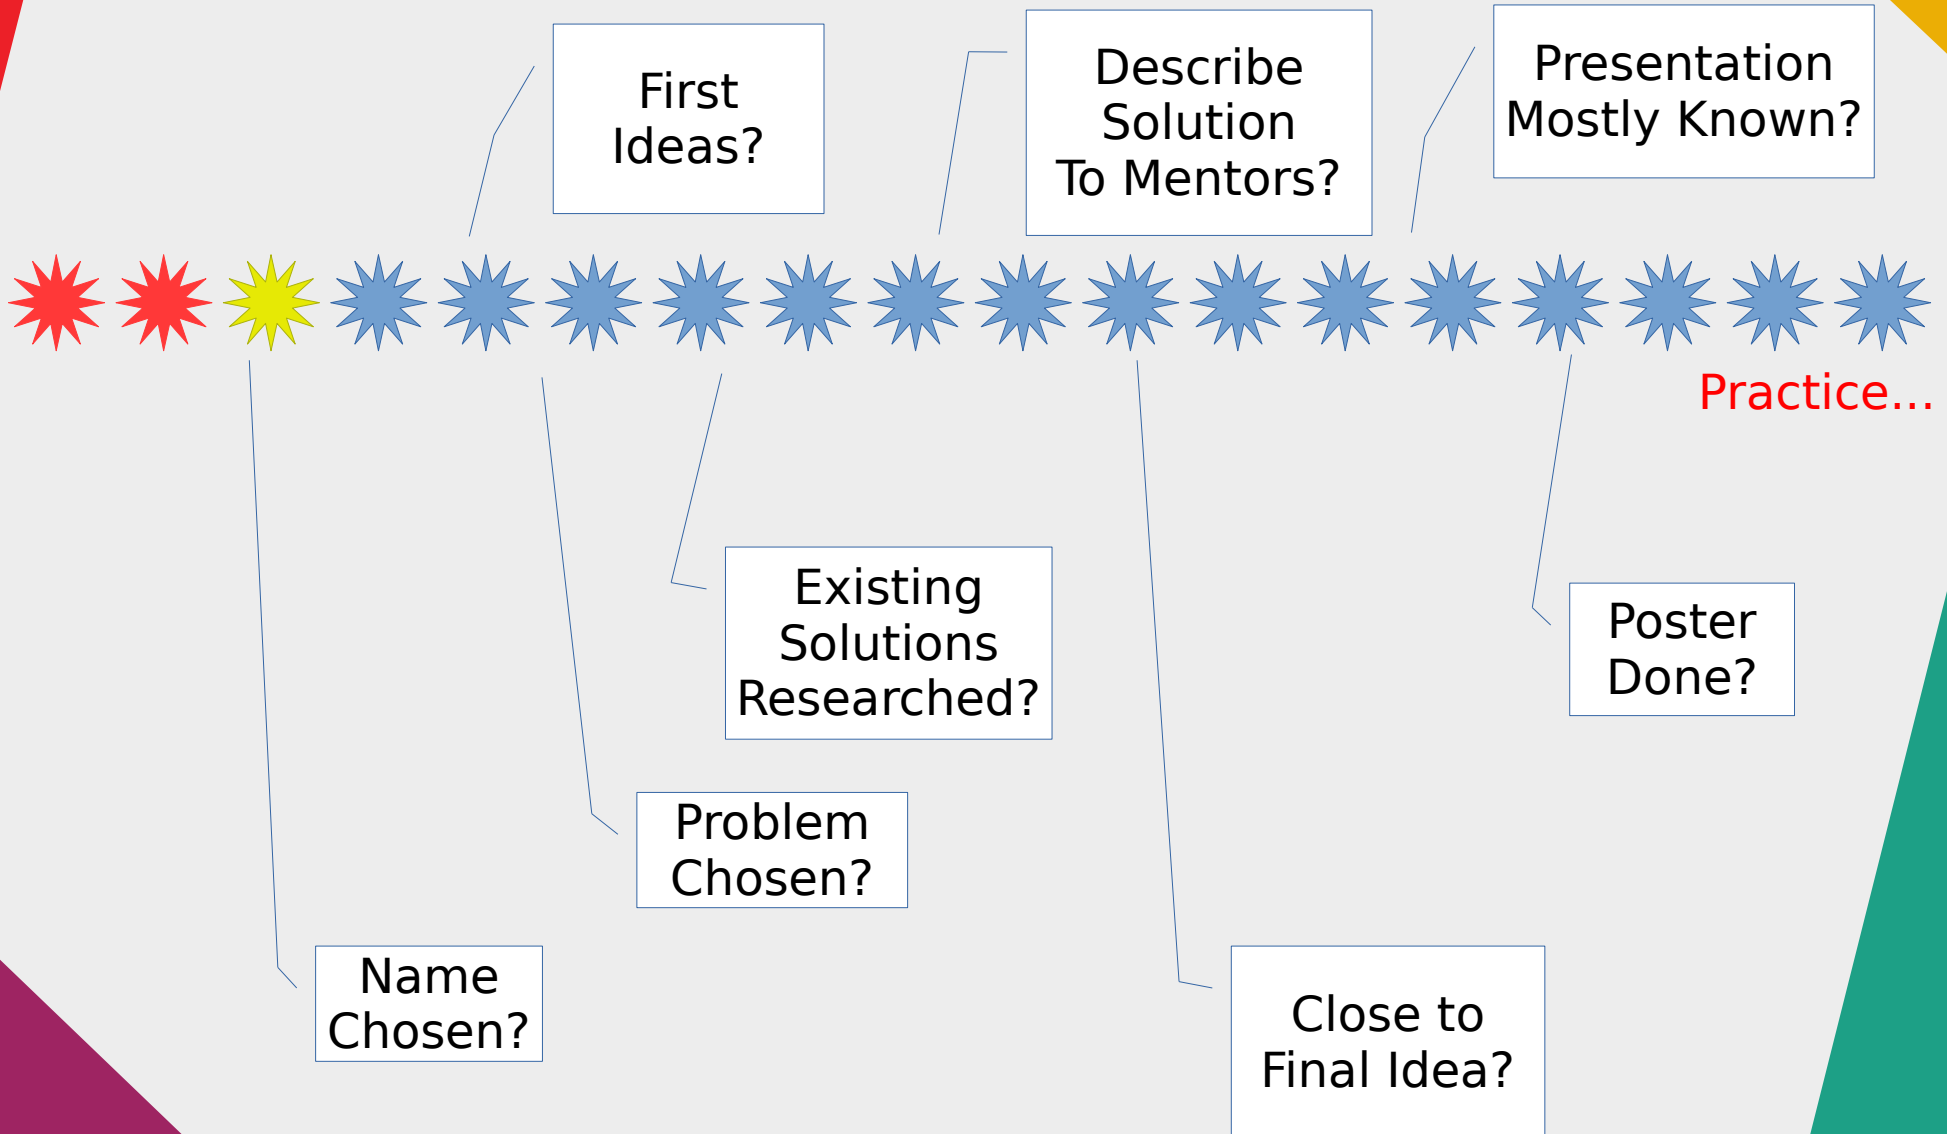

- A community problem
- An innovative solution
- Review by mentors
- Practiced innovation presentation

- Core value practice & team spirit

Robot Plans?

Innovation Plans?

Core Values?

Swag and Team Spirit Ideas?

Presentation Mostly Known?

Practice... Practice... Practice... Practice... Practice... Practice... Practice...

Coordinating with other teams about scrimmages?

Name Chosen?

Can't get stuck...

We need to find ways to divide the tasks so everyone can be working at once.

If everyone is waiting for time with one robot, things will not go well.
